

Sparkle!

your inner-beauty-light...

'cause Girl-School girls are **kind** girls that SHINE and SPARKLE their **inner-beauty-light** into the world!

YOUR SPARKLE-TASK THIS MONTH:

This month, we're going to focus on the beautiful friendship(s) in your life in the

"Fun Friendship Challenge"

This is what to do:

- 1) Choose a friend to do the friendship challenge with.
- 2) Print the next page, let mom or dad take a picture of you holding that paper and then send it to your friends' parent to show to your friend. If you will see that friend in person you can also give the page to them instead of taking a picture, just remember to then add your name on the page too.
- 3) If she/he accepts the challenge, then let mom/dad send them the "**Friends Pack.pdf**" so that they can print their pages and start the challenge with you.
- 4) You have a full month to do this, so you can do this challenge with more than one friend!

In puzzle piece number 6 of your Girl-School Online course, you'll learn more about healthy friendships. I cannot wait to share all that with you soon in your course!

"Friendship isn't one big thing It is a million little things"
Enjoy doing this special challenge with your friend(s).
